Board Discussion:

Trustee Hartshorn stated after reviewing the different candidates Trustee Hartshorn has concerns about all of them at different levels.

Mr. Freshour I am not sure about his interactions with some of the residents. Mr. Seim's and his ability to keep a level head and deal with emotional or escalate disputes and Mr. Steck what is pushing him into wanting to do this?

However, I do not think any one of these potential members would be bad for the BZA. In the long run I would think in the immediate that Trustee Hartshorn would put his interest into Mr. Steck.

Trustee Mears would like to thank everyone that came in and applied for the BZA Board. After review, Trustee Mears feels there is only one candidate.

Trustee Wynne stated Mr. Seim offers a wealth of knowledge that the township cannot afford to do without and when it comes to zoning he is a walking encyclopedia.

Mr. Steck offers a breath of fresh air. The township had two distinct sides with Mr. Freshour and Mr. Seim and our township is polarized we have a neutral person who is not aligned with either side. Trustee Wynne having a hard time making a decision but stated the township has some long-term ideas that we can aim for that may be amiable for all and now in the short term she would incline to recommend Mr. Steck.

**Resolution 20:79** Approve to appoint David Steck to the BZA Zoning Board
